

PROJECT GEELONG HOSPITAL CHILDREN'S WARD

 COTTON ON FOUNDATION

**FASHION
FOR A CAUSE**

We're supporting the redevelopment of the Geelong Hospital Children's Ward by underpinning the \$7.4 million project which is receiving no government funding. Click the icons below to find out how we're assisting and what it means for the Children's Ward.

.....

Our Contribution

The Cotton On Foundation will underpin the \$7.2 million upgrade of the Geelong Hospital Children's Ward. With a contribution of approximately \$3.2 million the naming rights of the ward will be granted to the Foundation, and the ward will be named 'The Cotton On Foundation Children's Ward'.

.....

What it Means

Jenny Bryce, Acting Nurse Unit Manager for the current Children's Ward outlines the work that will be undertaken and the effects it will have on patients,

"(The redevelopment will) help us to further provide family centred care and encourage a safe, supportive environment that gives appropriate physical and psychological care to both the patient and their family in order to achieve desired patient outcomes...The refurbishment will also include new paediatric outpatient clinics where specialists will attend from Melbourne to review children from Geelong and the western district which again assists families and decreases travelling required."
